Grant and Fellowship Opportunities from the European Association of Neuro-Oncology

One of the goals of the European Association of Neuro-Oncology is to broaden the network of neuro-oncology and to support neuro-oncologists in their (inter-) national research projects. We are proud to offer you 3 grant/fellowship opportunities:

■ Clinical/Research Fellowship

For clinical or research projects with the aim to improve treatment or research in neuro-oncology and brain tumour patients, with a duration of 6–12 months.

■ Educational Visit Grant

This grant will compensate for costs of travel and living during a short stay in a brain tumour center or neuro-oncologic center, clinic or research facility in a foreign country. The duration is up to 6 weeks.

■ Travel Grant

This grant enables young clinicians and investigators to present an abstract or poster during the congress of the EANO held every 2 years.

Find out more at the EANO website www.eano.eu in the Opportunities section!
